

## MUCHEA SHEEP REPORT 4<sup>th</sup> DECEMBER 2018

This week's Muchea Sheep sale attracted very good trade, exporter and restocker inquiry to see the market fully firm on lambs across all descriptions and an increase in the mutton market with added quality and wool lengths compared to last sale. The total yarding of 15,423, an increase on last week of 2,811 with 6,184 mutton and 4,234 lambs being the major two offerings.

Lambs today saw good trade competition with trade buyers keen to secure stock for the coming Christmas break reaching \$168.50 with most better sales from \$144.00. This strong lamb market continued through all classes.

Today's mutton sale lifted across the board with very good support from processors and closed up \$4 to \$8 on larger lines with good weights and wool length.

Ewe hoggets were limited however, well sought after by restockers and sold to a sale top \$125.50, higher last week by \$10.00. The lighter drafts also met good grazier support with the odd pen going to the trade and reached \$112.

Wethers attracted exporter support and more grazier restocker inquiry and sold to a top of \$120.00, up on last sale by \$3 to \$7 across all classes of wethers.
