## BOYANUP STORE SALE

### MARKET REPORT

BY MATT WATTS (0437 967 267)

Landmark south west agents yarded 1,276 head of cattle at its monthly store sale in Boyanup on Friday 1<sup>st</sup> March 2019.

The live weight yarding of 946 head comprised a very good line up of Friesian feeder steers, a small selection of beef bred yearling steers and a good quality selection of beef bred weaner cattle.

The Friesian steers sold from 190c to 218c to average 206c, up by 17c/kg on increased demand.

The Angus Friesian crossbred feeder steers sold from 238c to 256c to average 244c, up 5c/kg.

Yearling steers sold from 220c to 272c to average 246c, easing in value mainly due to a drop in quality.

The beef bred weaner steers sold from 228c to 308c to average 272c to remain relatively firm, with the vealer heifers made 200c to 274c to average 235c, up 15c/kg, influenced by a better quality line up and stronger demand.

The 384 head offered by appraisal featured a good line up of Friesian steers that were light weight in score 2 condition. The over 16 month old steers sold to \$680, 12 to 15months sold from \$600 to \$645, the 6 to 12 months sold from \$430 to \$570 and under 6 months old offering realised from \$280 to \$390.

In the female section of the sale, there were lines of Angus Friesian 1st cross unjoined 16 to 18 month heifers that sold from \$1,240 to \$1,420/head. Murray Grey Friesian cross heifers unjoined 16 to 18 months received \$1,000 with mature beef bred female cattle PTIC also sold for \$1,000/head.

Landmark extends its appreciation to vendors, buyers and underbidders associated with this month's store sale.
