

MUCHEA SHEEP REPORT 12th MARCH 2019

This week's Muchea sheep sale saw increased numbers to see a total yarding of 15,061 sheep and lambs offered and sold.

Today's market saw increased weights and quality in the lamb, mutton and wether section and an increase in value on these lines.

As mentioned the lamb section was of better quality and weights with tops seeing an increase of \$2-\$3 while trade weights closed \$3-\$4 higher under good competition. Light trade and store drafts continued to sell to recent good values. Top lambs reached \$170 and saw most heavy lines ranging from \$150.

Mutton saw strong competition from the trade to close \$3-\$5 up on last week's good values, ranging from \$127 and peaking at \$140. Boners and trade weights were sort after closing up also. Graziers remained strong on light weight and store drafts.

The wether line up was of much better quality and with larger drafts, saw very good competition from restockers and processors lifting the market by \$5-\$10 dependant on wool length. The sale peaked at \$151 with most sales from \$127.50. Lighter and medium drafts sold to restockers and again were up on last sale by \$3-\$6.

A select few good pens of hoggets sold to the trade to a top of \$119, ranging from \$94. Graziers and restockers paid from \$79-\$92 for unfinished lines.

Rams were mixed in quality and this reflected in returns with most lines going to processors between \$10-\$85.
