

MUCHEA SHEEP REPORT 14th MAY 2019

This week's market at Muchea saleyards saw numbers reach 17,559 in a mixed quality yarding.

Heavy lambs saw values ease by \$3 to \$5 due to grade and quality, even though all trade buyers and processors were operating. Trade and medium weights continued to sell to excellent returns and closed fully equal. The top end of the market realised \$175 and trade and medium weights realised \$160. Exporters were active and kept the market under good competition. Light lambs remained equal whilst air freight drafts closed up \$5 to \$8.

Merino lambs, wethers and ewes, were keenly sort after by the trade and peaked at \$152 for wethers and \$137.50 for ewes. Stores remained equal.

Mutton was mixed in weight and quality however with all processors operating, realised \$145.50, ranging from \$137.50, slightly down by \$2.

Ewe hoggets were of better weights which saw values increase in the top end to realise \$150 for a line carrying approx. 50mm of wool. Killable drafts ranged from \$120.

Wethers saw activity from two export buyers as well as processors and restockers and closed fully equal to last week.

Rams also lifted due to exporter activity and closed up by \$5 to \$8.
